COOKIES POLICY

The owner of the present web site, space or application (hereafter, the "Content") informs users that it may use data recovery and storage devices (generically referred to as "cookies") when the user is browsing Content.

1. **What are cookies?**

Cookies are files that are downloaded onto your computer when you access certain web pages, spaces or applications, including the Content, and which save your computer's IP address and other potential browsing details. Cookies make it possible, among other aspects, to store and recover information regarding the user's browsing habits or their equipment's, and can be used to recognise the user.

2. **What type of cookies does the Web Site use and for what purpose?**

The owner of the present Content may use cookies for which it is necessary to obtain the user's consent, because they are excluded from the scope of application of article 22.2 of Law 34/2002, of 11 July on the information society and electronic commerce.

At the same time, the present Content uses the following cookies which require users' consent:

Type of cookies	Who installs the cookie?	Purpose
Analytics – Google Analytics	Google	These cookies make it possible to measure and analyse users' navigation and behaviour within the Content. We install these cookies for the purpose of obtaining statistics regarding use of the Content, to prepare user browsing profiles to identify the most attractive content for them and their level of recurrence, and to thereby improve our services and Content. Google can also use the data obtained from the analytics cookies to improve its services and to offer services to other companies.

User session	PHPSESSID	This cookie is used by the

		PHP language to allow SESSION variables to be saved on the web server. This cookie lasts for the duration of the session and is essential for the functioning of the web.
Cookies policy acceptance	cookie-policy-accept	This cookie is used to store the acceptance of this web site's cookies policy.
Analytics and complement for sharing content on social media	Plug in for Facebook, Twitter and Youtube	This cookie is used to share contents of our web through the various social media offered (e.g. Facebook, Twitter and Youtube) and email.
Km_ai Km_lv Km_uq Km_vs Kvcd	Kissmetrics	These cookies make it possible to monitor and analyse users' behaviour on the site. We install these cookies for the purpose of obtaining statistics regarding use of the Content, to prepare user profiles to be able to identify the most attractive content for them and their level of recurrence and to thereby improve our services and Content.

3. **How is consent obtained and how can cookies be revoked and eliminated?**

When you access the Content you will receive a warning regarding the use of cookies subject to the present Cookies policy, and that if you continue to browse the Content you will be considered to have accepted such use.

However, you can revoke the consent granted for use of cookies at any time. To do this, users can disable cookies by modifying their browser configuration. The links provided below offer users more information on how to manage the use of cookies and how to disable them to revoke the consent given, according to the browser used:
